

NO-COST CREMATION

JUST FOLLOW THESE 4 SIMPLE STEPS:

For those wanting a cost-free solution or simply looking for an 'alternative'; an ever increasing choice for some families is to contribute to science through the 'gift of body'. Heartland Cremation & Burial Society respects the commitment to body donation and urgency for those who are in need of financial assistance.

Why Body Donation?

Long ago, body donation was considered to be a bizarre and misunderstood means of disposition, but it has grown in popularity to become not only socially acceptable-but preferred by progressives, celebrities, and high-profile humanitarians.

Everyone has the potential to contribute to medial breakthroughs; unfortunately, just a few actually do. That's why body donation is a needed and welcomed gift to society-one that is precious in its nature, and commands respect.

Are There Any Costs Associated with Body Donation?

There are no costs for body donation. As the term implies, it is a donation on your part. Heartland Cremation & Burial Society will provide local transportation of the deceased and assist in the completion of the paperwork for the body donation, including; filing of the death certificate, donation form, cremation authorization, and notifying Social Security.

Step 1: Complete forms

Complete the donation form and donor profile at HeartlandCremation.com/body-donation.

Step 2: Let us know

Contact Heartland Cremation & Burial Society for local transportation of the deceased.

Step 3: Let us do the work

We'll complete all the paperwork and filing, create an Online Memorial Tribute, and arrange the deceased's transfer.

Step 4: Receive cremated remains

After research is completed, cremation will be performed and the cremains will be ready to be in your care.
